

RESCUE 3 (UK) SPONSORED TRAINING APPLICATION FORM 2009

Rescue 3 (UK) recognises the vital role many charitable organisations play in the field of water and flood rescue and, as such, offers a number of sponsored places on their scheduled courses for charitable organisations every year.

Applications are welcomed from charitable organisations seeking to develop their teams in the area of water and flood rescue training, with applications being viewed twice a year in May and November. The deadlines for each year are 31st March and 30th September. Each application will be individually assessed and, if approved by Rescue 3 (UK), will receive full or partial sponsorship in the form of free or discounted place(s) on their scheduled training courses.
