

Management of Water & Flood Incidents

Castlegate Quay Water Sports Centre, Stockton-on-Tees
14th - 16th April 2011

Rescue 3 (UK) will be delivering a three day Management of Water and Flood Incidents on the 14th - 16th April, following the Rescue 3 Europe Instructors Conference, for swiftwater/flood Technicians and Instructors.

This course will build on existing swiftwater and flood rescue knowledge and will develop the understanding required to manage flood and water incidents, including night operations.

Course lecturers include:

- Battalion Chief Tim Rogers - Charlotte Fire Department, USA
- Martin Bills - Nottingham Fire & Rescue service, formerly DEFRA Flood Rescue National Enhancement Project

This course meets the training content for the DEFRA Module 5: 'Water Rescue Incident Management'

Cost: £ 675.00 ex VAT (fully residential - 3 nights, full-board, single occupancy)
